

Sign In

Each line across and down must contain all the digits from 1-9.
 Reading from left to right or top to bottom, a sign between two digits indicates if it is plus one (+) or minus one (-) from the digit next to it.*
 Signs are applied to all occurrences of this rule.

*For example: $\boxed{3} - \boxed{2}$ or $\begin{array}{c} \boxed{6} \\ + \\ \boxed{7} \end{array}$

\square	+	\square	1	\square	\square	-	\square	-	\square	+	\square
	+							+		-	
\square		\square	-	\square	\square	-	\square	\square	\square	+	\square
\square	+	\square	\square	\square	\square	\square	\square	\square	\square	9	
	-		+								
\square	\square	-	\square	-	\square	\square	\square	\square	\square	+	\square
4	\square	5	\square	\square	+	\square	8	\square	\square		
\square	\square	\square	+	\square	\square	6	\square	\square	\square		
			+
